Sycamore in the Community - American Red Cross 'Out for Blood' 5k Run

Every Two Seconds, Someone in the U.S. is in Need of Blood

June 13th, 2009 - Baltimore, MD: In celebration of 'World Blood Donor Day,' Sycamore.US, Inc. was a proud sponsor of the American Red Cross 'Out for Blood' 5k Run/Walk at Druid Hill Park in Baltimore, MD. The race helped to bring awareness to the community for the everpresent demand from area hospitals for blood donations, as well as promoting fitness and a healthy lifestyle for the participants.

Providing sponsorship funds to the American Red Cross was only the first step for Team Sycamore, as many employees either signed-up to donate blood, or laced-up their running shoes to participate in the race. "It was incredible to take part in such a wonderful event which helps so many," said Sycamore employee Todd Heckman. "Sycamore's support was essential in today's success; whether by running or pledging donations, our employees showed their true color."

Sycamore employees are always encouraged to submit their favorite charities or non-profit groups for consideration of a company sponsored donation. In the past year, Sycamore has donated to: the Deep Creek VFD, Garrett Eng. & Robotics, Leukemia and Lymphoma Society, Little Yough Summer Music Festival, Littlestown Chapel Mission Trip, Maryland Sheriffs Dept., National Cryptologic Museum, National MS Society, and the Special Olympics of Maryland.
